

Computer science student who is very passionate about the design and development of applications with UI/UX. Likes every aspect of software development, but lately, I’m specializing in the front-end side with vue, react, and flutter.

Experience:

BBVA

Bank Teller

Gandia, ValenciaAgo 2019 — Sep 2017

I execute the duties of the Teller position, customer service, and financial advice in BBVA offices. As well as the management of ATMs.

I have worked on four occasions and offices during the last three years.

Premios:

Ruta Quetzal BBVA

Formé parte del proyecto de educación e intercambio cultural para jóvenes a través de su expedición por México.

Game Jam UPV

Proyecto ganador en una game jam de 34h en la Universidad Politécnica de Valencia.

Technical skills:

Front End

JavaScript, React, Vue.js, Flutter, HTML, CSS, scss

Back End

Node.js, Express, python, c#, java

GameDev

Unity, godot, blender, 3dsMax.

Design+

Adobe Creative Suite, Adobe XD, Figma, Git, autocad, revit.

Education and courses

Computer Science

2017-2020

Currently studying the Computational branch of Computer Science focused on AI and Data analysis.

Front-end certificate

2017

Foundational HTML, CSS + Javascript

The Complete React Developer Course

2018

Build and launch real-world React web applications.

Architecture Degree

2012-2016

Unfinished degree. Even though it wasn’t my passion, thanks to it I acquired a good notion of design and got to use many tools used for UI/UX production.

The Complete 2020 Flutter Development Bootcamp with Dart

2019

Build beautiful, fast and native-quality apps. Understand all the fundamental concepts of Flutter development.

Proyectos:

Portfolio web

Diseño y desarrollo de portfolio template

qiqetes.github.io/qiqetes-portfolioJun 2020

Architected responsive design to ensure user-friendly interaction across multiple devices. Created a parallax scrolling effect and other unique UI/UX design elements.

Developed using vue.js framework and bootstrap with scss for the styling.

Cards Against Humanity

Juego multijugador para Android e IOs

To be launched2019 to 2020

A twist on the very popular card game “Cards Against Humanity” to be played on smartphone devices.

Developed with Flutter and dart with very interesting UI.

Idiomas:

Español

Native or bilingual proficiency.

Catalan

Native or bilingual proficiency.

Inglés

Professional working proficiency.
